AMENDMENT TO SIGN ORDINANCE OF THE CITY OF DAWSONVILLE

AN ORDINANCE TO AMEND THE GENERAL SIGN ORDINANCE AND THE HISTORICAL DISTRICT SIGN ORDINANCE OF THE CITY OF DAWSONVILLE, GEORGIA; TO CLARIFY CERTAIN DEFINITIONS, PROVISIONS, PROCESSES AND PERFORMANCE STANDARDS; TO PROVIDE FOR THE REGULATION OF SIGNS THROUGHOUT THE CITY, INCLUDING THE HISTORICAL DISTRICT AND URBAN REDEVELOPMENT PLAN AREA; TO PROVIDE FOR SEVERABILITY; TO REPEAL CONFLICTING ORDINANCES; AND FOR OTHER PURPOSES.

WHEREAS, the Mayor and Council of the City of Dawsonville have conducted a properly advertised hearing on this proposed amendment to the General Sign Ordinance and the Historical District Sign Ordinance;

WHEREAS, after the aforementioned public hearing, the Mayor and Council have determined that adoption of this amendment would be in the best interests of the residents, property owners, businesses and citizens of the City of Dawsonville;

WHEREAS without a sign ordinance, signs can pose a danger to public safety;

WHEREAS it has long been recognized that signage controls are needed to promote traffic safety and avoid traffic accidents;

WHEREAS a 1980 Federal Highway Administration study found a positive correlation between billboards and accident rates (Scenic America. Fact Sheet (1): Billboard Control: Fighting Visual Pollution. <http://www.scenic.org/fact1.htm>.);

WHEREAS signs too close to the road can contribute to accidents by, among other things, being placed dangerously close to rights-of-ways in locations where they might be struck by an oncoming vehicle, impairing visibility, interfere with the sight of motorists and distracting motorists;

WHEREAS traffic safety is improved by restricting the size, height, and spacing of signs;

WHEREAS signs can confuse motorists by mimicking traffic safety signals and signs;

WHEREAS the size, height, materials of construction, location, condition, and attributes of signs can have an impact on surrounding and nearby land uses, and may detract from the value and usability of adjacent tracts of land, especially when a proposed sign use is inconsistent with neighboring land use;

WHEREAS unregulated signage can degrade the utility of public safety signs and can reduce the effectiveness of signs needed to direct the public due to competition with other signs;

WHEREAS sign regulation is in the interest of businesses in that it can assist in promoting clear communication between signs and the public;

WHEREAS regulation of signs serves the aesthetic value of the overall community, helping to preserve the natural beauty of the surrounding landscape as well as historical areas, while at the same time balancing those concerns against the need to communicate information to the public; and

WHEREAS it is within the powers granted to the City of Dawsonville to regulate matters affecting the health, safety, welfare, and aesthetic concerns of the City.

NOW THEREFORE, BE IT ORDAINED AND IT IS HEREBY ORDAINED by the Mayor and Council of the City of Dawsonville, a political subdivision of the State of Georgia, that the General Sign Regulations of the City of Dawsonville, Georgia and the Historical District Sign Regulations of the City of Dawsonville, Georgia are hereby amended as follows:

Section 105-3. Definitions of the Sign Ordinance is hereby amended by enacting certain revised definitions as set forth hereinbelow. Other than as set forth herein, all remaining definitions shall remain as originally enacted in October 4, 2010.

Area of sign: The area within a continuous perimeter enclosing the limits of writing, representation, emblem, or any figure of similar character together with any frame, other material, open space, or color forming an integral part of the display or used to differentiate such writing, representation, emblem or any figure of similar character from the background against which it is placed. For double-faced signs, both sides shall be measured and added together and divided by two in computing the sign area.

Billboard: A freestanding sign with an area of 200 square feet or greater, which is supported by one or more columns, uprights, or braces in or upon the ground and is neither attached or erected in support of a building and is neither movable nor temporary.

Director of Planning and Zoning: For the purposes of this ordinance, the Director of Planning and Zoning shall mean the Director of Planning and Zoning for the City of Dawsonville, Georgia. In the event that there is no Director of Planning and Zoning, the Mayor or the Mayor's Designee shall serve as Director of Planning and Zoning for the purpose of this ordinance.

Double-faced sign: A sign that has two display areas against each other or angled to one another, where one face is designed to be seen from one direction and the other face from another direction.

Freestanding Sign: A type of sign supported by any structure or support placed in or anchored in the ground and not attached to any building or structure. Other than Billboards, all Freestanding signs shall be limited to on-premises signs, expression signs or non-commercial signs.

Height of sign: The distance in vertical feet from the ground to the highest point of the sign face or frame (whichever is higher).

Monument sign: A freestanding sign where the base of the sign is a continuous structure or columned structure on the ground. The width of the sign structure can be no more than 120 percent of the width of the base.

Multi-Faced Sign: A sign containing more than two sign faces.

Section 105-7. Process for issuance of sign permits of the Sign Ordinance is hereby amended by enacting a new sub-section a) as set forth hereinbelow. Other than as set forth herein, all remaining provisions and sub-sections of Section 105-7 shall remain as originally enacted in October 4, 2010.

- a) The Director of Planning and Zoning shall be authorized to issue all sign permits which are in accordance with the provisions of this Ordinance. The City shall process all sign permit applications within thirty (30) days of the City's actual receipt of (1) a complete sign permit application and (2) the sign permit fee. In the event an Applicant makes a revision to the

application after receipt but before it is processed by the City, the thirty (30) day period shall run from the date that the revision is received by the City. For purposes of this section only, the term "process" shall mean to (1) make a decision on sign permit applications that can be administratively approved or denied, or (2) bind over the decision on the sign permit application to the Mayor and Council of the City of Dawsonville. In no event, except with written permission of the applicant, may the Director of Planning and Zoning delay processing a sign permit application. The failure to process a sign permit application within thirty (30) days of the City's actual receipt of a completed sign permit application (as revised, if applicable) accompanied by the sign permit fee and building permit fee (if applicable) without the written permission of the applicant shall result in the sign permit request being automatically granted.

Section 105-40. Section 105-74 Design and location standards of the Sign Ordinance which applies to the Historical District and the Urban Redevelopment Plan Area is amended by enacting a new subsection 2 Area of sign as follows. Other than as set forth herein, all remaining provisions and sub-sections of Section 105-74 shall remain as originally enacted in October 4, 2010.

- (2) Area of sign. The area within a continuous perimeter enclosing the limits of writing, representation, emblem, or any figure of similar character together with any frame, other material, open space, or color forming an integral part of the display or used to differentiate such writing, representation, emblem or any figure of similar character from the background against which it is placed. For double-faced signs, both sides shall be measured and added together and divided by two in computing the sign area.

All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed. If any section, provision or clause of any part of this ordinance shall be declared invalid or unconstitutional, or if the provisions of any part of this ordinance as applied to any particular situation or set of circumstances shall be declared invalid or unconstitutional, such invalidity shall not be construed to affect the portions of this ordinance not so held to be invalid, or the application of this ordinance to other circumstances

not so held to be invalid. It is hereby declared as the intent that this ordinance would have been adopted had such invalid portion not been included herein.

This ordinance shall be effective upon passage by the Mayor and Council of the City of Dawsonville, Georgia.
