This Addendum No. 1 to the RFP(s) addresses questions received by potential applicants through email:

QUESTIONS:

1. The city requires \$2,000,000 in professional liability coverage. Our current limits are at are \$1,000,000 for the professional liability. Would you be willing to accept our current \$1,000,000 limit?

Yes, although the City usually requires a \$2,000,000 general liability limit commensurate to our own, we will accept a limit of no less than \$1,000,000.00 carried by a firm or consultant for this specific project to deliver a Historic Resource Survey given its limited scope and limited potential for risk. The policy must list the City of Dawsonville as an Additional Insured.
