

BUILDING WATER/SEWER AFFIDAVIT

Address: _____

Permit #: _____ Lot #: _____

This is to certify that I am responsible for the **building sewer lateral and building water lines** (from R.O.W to structure) installation and compliance with all applicable codes. I assume all responsibility and liability for the installation of the **building sewer lateral and building water lines**. I understand that it is my responsibility to insure that the **building sewer lateral and building water lines** are installed in compliance with the latest adopted IPC and Georgia minimum standards for plumbing installation and any local ordinances.

I understand and agree to install waste water backwater valves in accordance to IPC section 714.

I understand that City of Dawsonville requires a 10 gauge tracer wire on **building sewer lateral and building water lines**. I relieve the City of Dawsonville and its Inspectors from any liability for damages loss of property or improper installation.

Company Name

State License #

Licensed Plumber Signature

Utility Contractor Signature (if applicable)

Notary Public Signature and Stamp

Date

When installing an irrigation system you are required to have a licensed plumbing contractor if connecting to an existing water supply line. Backflow protection and rain sensor will be verified at time of Final Plumbing inspection.
